SEGGER J-Link Software and Documentation Pack

SEGGER publishes the J-Link Software and Documentation Pack on its own website. It is free of charge for any owner of a SEGGER J-Link or J-Trace. Download the current version here:

https://www.segger.com/downloads/jlink/

The pack contains the J-Link software, the manuals and the firmware updates for J-Link and J-Trace probes. SEGGER offers builds for Windows, Linux and macOS.

Version listed by SEGGER on 14 November 2026: V9.94, dated 11 November 2026. SEGGER updates the pack often, so always take the version from the link above.

Supported hardware sold by Debug Store: J-Link BASE, PLUS, ULTRA+, PRO, PRO PoE and WiFi, J-Trace PRO.

Debug Store, thedebugstore.com. Document dated 14 November 2026.
